

JESUS RACING TO LAUNCH SUPERCAR AT ORAN PARK

The Jesus Racing Team will officially launch the Jesus Supercar at Oran Park Raceway on September 23, 2008.

This is the team's second year driving in the Yokohama V8 Ute series. Last year, driver Andrew Fisher finished fourth overall and was named Rookie of the Year.

2008 saw the Jesus Team join forces with Wollongong Performance Racing (WPR), who now look after the preparation, transport and running of the Jesus. All about life. branded Ute.

Now the two organizations have joined forces again in order to attack Mt Panorama in the V8 Supercar Fujitsu Series in WPR's 'Daisy', which is the ex-Paul Morris Motorsports Supercar.

They will take to the track across the second weekend in October (October 10, 11, 12).

Andrew had the chance to take part in a driver evaluation day at Wakefield earlier this week in a bid to familiarise himself with Supercar performance.

After a tentative start, Andrew says the team finished the day with competitive times.

"It is an extraordinary car to drive," says Andrew. "Driving the Supercar is very different to driving the V8 Ute. The speed and power just don't compare. It's amazing.

"Technically, the gearbox is different and the brakes also take some getting used to. But overall, we're happy with our performance and can't wait to give it a more complete hit-out at the scheduled test-day at Oran Park on September 23."

Andrew says the car also looks amazing. Black with the 'Jesus' logo, he says it really stands out from the crowd.

"We're extremely happy with the livery," says Andrew. "We received fantastic feedback, with everyone saying they can't believe how good it looks.

"I can't wait to drive the car at Bathurst!"

Bible Society NSW (which runs the 'Jesus. All about life.' program around Australia) is standing alongside Jesus Racing in this bold initiative.

Motor Sport is not where you would expect the Bible Society to focus its efforts, however the organisation recognizes the tremendous opportunities in using Andrew's profile in motor sport to connect teenagers with Jesus.

"Bathurst is the most prominent race circuit in the country," says Andrew. "And the V8 Supercars is the country's premier category.

"This is the perfect place to participate as a professional race team, as well as present the name of Jesus to an audience that wouldn't normally see it.

"We are hugely excited about the opportunity, not only by the racing, but because of the opportunities off the circuit."

Bathurst weekend will be busy for the team, doing double duty in both the Ute's and the Supercars, as well as taking the Ute and the 'Jesus. All about life.' program to surrounding schools in the weeks close to the Bathurst round.
